The Miles & More award and frequent flyer programme

Miles with tradition: Miles & More became famous as Europe's leading frequent flyer program. Founded in 1993 with seven hotel and car rental partners, Miles & More has 27 million subscribers, 26 Star Alliance partners and nine other Miles & More airline partners. Today, Miles & More is more than a frequent flyer program. As a premium and frequent flyer program, Miles & More is networked with over 350 partner companies "on the ground". There, Miles & More participants can choose attractive brand products and collect miles. Miles & More partners offer a wide range of different areas of life such as fashion, electronics, wellness, lifestyle, culinary art. Miles & More - earn miles on board and on the ground and redeem them for rewards.

All information can be found at miles-and-more.com

Conditions

With us you receive 500 award miles per night (maximum of 1,500 award miles per stay), which are collected by direct booking on our website, www.romantikhotels.com, or via telephone (bookings via third parties are excluded). With every Euro turnover in the hotel, restaurant, spa and / or for further services, we award another bonus mile (no bonus miles for external services).

And this is how it works:

For online or phone bookings the mileage credit is subsequently issued by photo credit via the Miles & More app. You need to identify yourself with your Miles & More service card by check out. Your invoice will be then marked for the mileage. This is also the case for restaurant visits or wellness treatments.

Discover with Romantik the largest bonus and frequent flyer program in Europe and reward yourself with a stay at our Romantik Hotel!

Excluded from the mileage credits are group bookings, company rates, celebrations, and bookings via RomantikCard and Romantik Pass.
